There is no better time to gain tighter control over your agency's spending on printer and copier paper!

The U.S. Government Printing Office has a strategic sourcing initiative that makes it easy to order, track, and report spending on federally-compliant printer and copier paper. The GPO *Online Paper Store* is an ideal nationwide solution across your agency as an enterprise solution or for any single office location.

Join us for a brief informational webinar to learn about:

- Features of the Online Paper Store
- Available paper options and pricing
- Funding options
- Reporting options
- Accessing and navigating the online ordering site
- How to register and get started
